Thailand

Sub: **Invitation to visit USA**

Honorable Consular Officer,

My name is Jigme Tshering, and I am currently pursuing my Master degree program in Natural Sciences at the University of Wyoming 82070. I intend to graduate in May 2010 and my commencement has been scheduled for May 8, 2010.

Ms. Karma is a cousin sister of mine and we are close to each other. As a person, Karma is sincere, honest and responsible person. I am very pleased to welcome Karma to my commencement ceremony. She is excited to be here on this special event and to this great country.

I assure that once Karma is in the United States, she will be staying with me until the 19th May 2010 – last day to be in USA. I will personally make sure that she is taken care of and not become public charge on the part of United States government.

Your kind consideration to this request will be greatly appreciated.

Thanking you

Yours Sincerely

(Jigme Tshering)
